

# Max Lindmark

*Curriculum vitae*

## Contact

Swedish University of Agricultural Sciences  
Department of Aquatic Resources  
Turistgatan 5  
453 30 Lysekil Sweden

+46104784173 (tel)  
[max.lindmark@slu.se](mailto:max.lindmark@slu.se)  
[max.lindmark@tuta.io](mailto:max.lindmark@tuta.io)  
<https://maxlindmark.github.io>

## Education

- Ph.D. Ecology, Swedish University of Agricultural Sciences. 2016–2020  
*Temperature- and body size scaling: effects on individuals, populations and food webs.*
- MRes. Applied Marine and Fisheries Ecology (Distinction), University of Aberdeen. 2014–2015  
*Predicting spatial distribution of fish stocks by updating informative survey-based priors with commercial data in a Bayesian framework*
- BSc. Biology, University of Gothenburg 2011–2014

## Professional experience

- Post-doctoral researcher 2020–2022  
Swedish University of Agricultural Sciences, Institute of Marine Research

## Publications

[Preprints]

- Lindmark, M.**, Anderson, S. C., Gogina, M., and Casini, M. 2022. Evaluating drivers of spatiotemporal individual condition of a bottom-associated marine fish. *BioRxiv*. <https://doi.org/10.1101/2022.04.19.488709>
- Lindmark, M.**, Karlsson, M., and Gårdmark, A. 2022. Higher mortality rates leave heated ecosystem with similar size-structure despite larger, younger, and faster growing fish. *BioRxiv*. <https://doi.org/10.1101/2022.04.13.488128>

[Publications]

7. Audzijonyte, A., Jakubavičiūtė, E., **Lindmark, M.**, and Richards, S.A. 2022. Mechanistic temperature-size rule explanation should reconcile physiological and mortality responses to temperature. *Biological Bulletin*, early view. <https://doi.org/10.1086/722027>
6. **Lindmark, M.**, Audzijonyte, A., Blanchard, J. L. and Gårdmark, A. 2022. Temperature impacts on fish physiology and resource abundance lead to faster growth but smaller fish sizes and yields under warming. *Global Change Biology*, 28(21), 6239–6253, <https://doi.org/10.1111/gcb.16341>

5. **Lindmark, M.**, Ohlberger, J., and Gårdmark, A. 2022. Optimum growth temperature declines with body size within fish species. *Global Change Biology*, 28(7), pp. 2259–2271, <https://doi.org/10.1111/gcb.16067>
4. Thunell, V., **Lindmark, M.**, Huss, M., and Gårdmark, A. 2021. Effects of warming on intraguild predator communities with ontogenetic diet-shifts. *The American Naturalist*. 196(6). 706–718, <https://doi.org/10.1086/716927>
3. Huss, M., **Lindmark, M.**, Jacobson, P., van Dorst, R., Gårdmark, A. 2019. Experimental evidence of gradual size-dependent shifts in body size and growth of fish in response to warming. *Global Change Biology*, 25(7), pp. 2285–2295, <https://doi.org/10.1111/gcb.14637>
2. **Lindmark, M.**, Ohlberger, J., Huss, M. and Gårdmark, A. 2019. Size-based ecological interactions determine effects of warming on food web stability. *Ecology Letters*, 22(5), pp. 778–786, <https://doi.org/10.1111/ele.13235>
1. **Lindmark, M.**, Huss, M., Ohlberger, J. and Gårdmark, A. 2018. Temperature-dependent body size effects determine population responses to climate warming. *Ecology letters*, 21(2), pp. 181–189, <https://doi.org/10.1111/ele.12880>

## Reports

- Havs- och vattenmyndigheten 2019. Fisk- och skaldjursbestånd i hav och sötvatten 2018. Resursöversikt. Havs- och vattenmyndighetens rapport 2019:4. Göteborg, 305 s.
- Havs- och vattenmyndigheten 2018. Fisk- och skaldjursbestånd i hav och sötvatten 2017. Resursöversikt. Göteborg, 273 s.
- Havs- och vattenmyndigheten 2016. Fisk- och skaldjursbestånd i hav och sötvatten 2016. Resursöversikt

## Awards

- |   |      |
|---|------|
| Lindsay Laird Prize<br>In recognition of all-round performance in the Applied Marine and Fisheries Ecology program throughout the year. Awarded jointly with another student  | 2015 |
| Fishmonger's Award, Scholarship recipient<br>Full fees payment (£3400) awarded to 1 MRes/MSc student on academic merit by the Fishmonger's Company  | 2014 |
| Stipend from Gothenburg Biological Society<br>For well accomplished bachelor's thesis: By-catch in pelagic fisheries: A study on by-catch in Swedish herring fisheries on the west coast in the winter of 2013/2014 | 2014 |
| Stiftelsen Hvitfeldtska gymnasiet's samfund<br>Stipend awarded for academic achievement (top 10% of science students in class)  | 2010 |

## Grants

- |   |      |
|---|------|
| Sven och Dagmar Saléns stiftelse (Travel grant) (5 616 SEK) | 2019 |
|---|------|

Knut and Alice Wallenbergs foundation (Travel grant) (24 000 SEK)	2018
SLU funds for internationalization of graduate education (Travel grant) (28 000 SEK)	2016

## Invited presentations

Gulf of Maine Research Institute May Seminar (GMRI) (video) <i>Understanding the effects of climate warming on food webs via individual-level physiology</i>	May 2021
---	----------

## Conferences

ICES ASC (Remote talk) <i>Higher mortality rates leave heated ecosystem with similar size structure despite larger, younger, and faster growing fish</i>	2022
ICES/PICES Early Career Scientist Conference (Talk) <i>Evaluating drivers of spatiotemporal changes in the condition of Eastern Baltic cod</i>	2022
Swedish Oikos Meeting, Online (Talk) <i>Evaluating drivers of spatiotemporal changes in the condition of Eastern Baltic cod</i>	2021
Baltic Sea Science Congress, Stockholm (Talk) <i>Warming alters the effect of fishing on the size spectra of an exploited temperate food web</i>	2019
Society for Experimental Biology, Seville (Talk) In Satellite: Is global warming causing animals to shrink? evidence, mechanisms and models <i>Physiological constraints to growing large in warm waters?</i>	2019
Swedish Oikos Meeting, Uppsala (Talk) <i>Physiological constraints to growing large in warm waters?</i>	2019
Models in Population Dynamics, Ecology, and Evolution, Leicester (Talk) <i>Species interactions determine effects of warming on stability in a stage-structured food chain</i>	2018
Nordic Oikos Meeting, Trondheim (Talk) <i>Species interactions determine effects of warming on stability in a stage-structured food chain</i>	2018
Swedish Oikos Meeting, Lund (Talk) <i>Climate change and size-structured populations. Temperature dependent allometry and ontogenetic asymmetry shape warming responses of size structured populations</i>	2017

## Research visits

University of Washington, School of Aquatic and Fishery Sciences Research visit and collaboration with Dr. Jan Ohlberger	Mar 2017-Jun 2017
University of Tasmania, Institute for Marine and Antarctic Studies Research visit and multispecies food web modelling workshop with Dr. Julia Blanchard	Nov 2018-Dec 2018

## Working Groups

### WGGRIFY

Member 2020-present

Joint ICES/PICES Working Group on Impacts of Warming on Growth Rates and Fisheries Yields (WGGRIFY)

## Reviewing

ICES Journal of Marine Science (6) · Oikos (2) · Nature Communications (2) · Ecology (1) · Scientific Reports (1) · Functional Ecology (1) · PLOS ONE (1) · Proceedings of the Royal Society B (1)

## Teaching

All lab material written by me is available on this github repository:

<https://github.com/maxlindmark/comp-labs-ecology>

*Sustainability perspectives on contemporary fisheries. Where have all the fishes gone?* 2019  
Teaching assistant. Lecture on climate impacts on global fisheries.

*Ecology for fish management and conservation* 2016-2019  
Teaching assistant. Wrote R lab Population dynamics and harvesting, lecture on fish morphology, physiology, and energetics, supervising and grading student projects, exam questions and marking.

*Principles in Fisheries Science* 2018-2022  
Teaching assistant. Wrote R lab Impacts of fishing in an ecological context.  
Lecture on ecological interactions.

## Supervision

### MSc students

Malin Karlsson, Swedish University of Agricultural Sciences 2019-2020  
Main supervisor for project: *The effect of temperature on life history traits of perch (Perca fluviatilis) in a large scale natural climate change experiment and its implications for population age- and size structure?*

Mattias Grunander, Swedish University of Agricultural Sciences 2016  
Co-supervisor for project: *Effects of global warming on Eurasian perch (Perca fluviatilis) in the Baltic Sea. - Does the growth response to increased temperatures differ along a latitudinal gradient?*

## Workshops

*Making academic websites using GitHub, Quarto and RStudio* 2022  
[https://github.com/maxlindmark/quarto\\_website](https://github.com/maxlindmark/quarto_website)

*Making graphics in R for popular report on status of fishes in Swedish* 2019  
<https://github.com/maxlindmark/ROM>

<i>LunchR</i>	2018
A department wide R course in data wrangling and plotting (4x1 hour). Solely initiated and organized together with student colleague Philip Jacobson. Material: <a href="https://github.com/maxlindmark/LunchR">https://github.com/maxlindmark/LunchR</a>	
<i>Modelling population dynamics with MatCont</i>	2018
Organized a session on numerical continuation analysis of a predator-prey model	

## University Services

PhD Representative Department of Aquatic Resources, SLU	2019
Class representative Applied Marine and Fisheries Ecology	2014-2015
I represented students' opinions and views on the program in regular meetings with course- and program coordinators at the University of Aberdeen	
Student Ambassador Applied Marine and Fisheries Ecology	2014-2015
I communicated with prospective students, mostly through social media	

## Outreach

Co-managing research group's Instagram account @fishinfoodwebs	2016-2020
SLU 40th Anniversary, Uppsala (Poster)	2017
<i>Climate change and size-structured populations. Temperature dependent allometry and ontogenetic asymmetry shape warming responses of size structured populations</i>	
Science evenings (high school), östhammar municipality (Talk)	2017
<i>Effects of warming on fishes</i>	
Gothenburg Biological Society	2014
Popular talk at the Gothenburg Museum of Natural History on bycatch in small scale pelagic fisheries on the west coast of Sweden	
Swedish Society for Nature Conservation	2011-2014
I have given public talks (presenting on the topic of toxins in the Baltic herring in 2014) at local festivals (go: TO SEA and Västerhavsveckan)	
Gothenburg Museum of Natural History	2011-2014
Arranged seminar (4*2 per year) with invited speakers, covering all things marine
